Endotoxin-induced inflammation in healthy human airways | Margaretha E Smith

# Endotoxin-induced inflammation in healthy human airways

Margaretha E Smith

Margaretha E. Smith has been a board-certified clinical specialist in Respiratory Medicine since 1998 and has worked at Sahlgrenska University Hospital since then. The work with this thesis started as a parallel track to clinical work back in 2003. The research has been presented at international congresses organized by the American Thoracic Society and by the European Respiratory Society respectively.
