Title: Digging Around part. II

Year: 2018

Photo credit: Annelie Nilsson

Description text:

A performance where the artist fails to make a work and speaks about the failure. The artist spent 3 months looking at the AURA artist association's archive, with a specific focus on looking at the associations ledgers and expenditure between 1933-1948. There were three main expenses: 1) expenditure for the printing of exhibition cards 2) expenditure for stamps and courier service 3) expenditure for vernissage flowers

The artist adds another expenditure to the association's ledger in 2018 by buying another bouquet of vernissage flowers in relation to the performance.
