

Instruct the audience that these are 2 fugitives just arrived to a beach in Greece , after a very scary boattrip over the ocean.

Second couple, (LOSS)

Instruct the artists to stand totally still for 10 seconds. Then one should start and feel their sweater. Take it off very slowly and treat it like it's made of glass. Then gently wrap it up and put it in front of him/her.

The other person will do the same thing, but with his/her watch or shoes.

Then do their choreography for 2 rounds.

Then both of them will look at the object in front of them for another 10 seconds then look away and slowly leave the room.
